Tier 2 Critical race and feminist studies

University of Ottawa

Application Deadline: November 22, 2021

The Faculty of Health Sciences at the University of Ottawa is inviting applications for a Tier 2 Canada Research Chair in Critical Race and Feminist Studies in Sport and Physical Activity to build research capacity and support excellence in the field of history of sport and physical activity, with a focus on social justice research that translates into meaningful academic and community contributions.

The successful candidate will lead a research program that will use the perspectives of sport and physical activity to explore themes of race, gender, and socioeconomic situation within the Canadian context. Particular interest in the Black Canadian experience is preferred. As an internationally recognized emerging leader, the Chairholder is expected to play a leadership role within the School of Human Kinetics, and expand existing relationships with national and international stakeholders.

Tier 2 Chairs, tenable for five years and renewable once, are for exceptional emerging researchers, acknowledged by their peers as having the potential to lead in their field. For each Tier 2 Chair, the institution receives $100,000 annually for five years, with an additional $20,000 annual research stipend for first-term Tier 2 Chairs.

Candidates should, at a minimum, be assistant or associate professors, or possess the necessary qualifications to be appointed to these levels. Candidates who are more than 10 years from their highest degree must contact the University of Ottawa directly for questions related to their potential eligibility for a Tier 2 Chair. The institution may nominate a professor or a researcher who is more than 10 years from their highest degree at the time of nomination and has experienced legitimate career interruptions (see acceptable justifications). In such cases, the institution must submit to the Secretariat a formal justification (using the Tier 2 Justification Screening Form), explaining why the nominee is still considered to be an emerging scholar. The University recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate’s record of research achievement and that these leaves will be taken into careful consideration during the assessment process. New CRC nominees are also eligible for infrastructure support from the Canada Foundation for Innovation (CFI) to help acquire state-of-the-art equipment essential to their work.

Selective hiring

The University of Ottawa is committed to ensuring equity, diversity and inclusion in the scholarly and leadership environments of our students, staff, and faculty. In accordance with the University’s Equity, Diversity and Inclusion Action Plan, the selection will be limited to members of Indigenous peoples (First Nations, Inuit and Métis) and visible minorities. Candidates from these groups who wish to be considered for this position must complete the confidential self-identification form during the application process online (go to My profile / Employment Equity section). The objective of this measure is to increase the representation of the four designated groups (women, persons with disabilities,
Indigenous peoples and members of visible minorities as defined in the Employment Equity Act in the allocation of Canada Research Chair positions.
