Research Centres and Institutes - 2021/22 Annual Progress Report

SECTION 1

1.1 REPORTING PERIOD - Fiscal year 2021/2022

1.2 IDENTIFICATION

- Name of the research Centre/Institute:
- Name of the Director:
- Name and email of the administrative contact person (if applicable):

1.3 FACULTIES' CONTRIBUTIONS

	FACULTIES	Place an X where relevant	
		Faculties providing cash and/or in-kind contribution	Faculties represented by active members
Faculties affiliated to the Centre/ Institute	Arts		
	Civil Law		
	Common Law		
	Education		
	Engineering		
	Health Sciences		
	Medicine		
	Science		
	Social Sciences		
	Telfer School of Management		

1.4 CATEGORIES OF MEMBERS*

NUMBER OF ACTIVE MEMBERS OF THE CENTRE/INSTITUTE	
<i>Please provide the Centre/Institute's approximate number of active members during the last fiscal year.</i>	
<input type="text"/>	Principal researchers from the University of Ottawa (regular, adjunct, or emeritus faculty appointments)
<input type="text"/>	Affiliated researchers (other universities in Canada or abroad)
<input type="text"/>	Visiting researchers (visiting faculty appointments)
<input type="text"/>	External members/senior fellows (following formal member approval process)
<input type="text"/>	Postdoctoral fellows
<input type="text"/>	Graduate students
<input type="text"/>	Undergraduate students

- * All the above categories must include members who actively participated in the Centre/ Institute's activities, for ex. as:
- a principal or co-investigator of a research grant related to the Centre/ Institute's thematic priorities
 - an author or co-author of publications in an area of relevance to the Centre/ Institute
 - participants in training initiatives and knowledge mobilization activities

Research Centres and Institutes - 2021/22 Annual Progress Report

SECTION 2

IMPORTANT: this section includes questions of a qualitative and quantitative nature, designed to reflect the impact of the Centre/ Institute over the past fiscal year.

1. RESEARCH EXCELLENCE: INNOVATION

The Centres and Institutes play a central role in positioning the University of Ottawa in research, locally, nationally, and internationally.

1.1 Describe, based on the last fiscal year's activities, how the Centre/Institute has fostered innovation (free-form ½ to ¾ page approx.)

1.2 Indicate the information regarding the Centre/Institute's key indicators in the last fiscal year.

Research excellence	#
<i>NOTE: please provide only the information that is relevant to your Centre/ Institute.</i>	
Peer-reviewed publications (books, articles, chapters, etc.)	
Other research contributions (non-peer reviewed publications)	
Awards and recognitions	
Patents and licenses	
Innovation (tools, techniques, programs, etc.)	
Others:	

2. INTERDISCIPLINARITY

Centres and Institutes are entities that enhance interdisciplinarity within research

2.1 Describe, based on the last fiscal year's activities, how the Centre/Institute has fostered interdisciplinarity (free-form ½ to ¾ page approx.)

3. PARTNERSHIPS/PROJECT DEVELOPMENT

Centres and Institutes contribute to the development of partnerships and the implementation of projects with the private and/or public sector, at the local, national and international levels.

3.1 Briefly describe how the partnerships (already established or new), helped achieve the Centre/Institute's vision in the last fiscal year, and how, from your perspective, these partnerships have increased its visibility and reputation (free-form ½ to ¾ page approx.)

Research Centres and Institutes - 2021/22 Annual Progress Report

3.2 Provide the names of Centre/Institute’s **key** partners (established or new) and briefly describe the nature of the partnerships during the last fiscal year.

Organization’s name (up to 5)	Describe the nature of the activities achieved through this partnership during the last fiscal year

4. KNOWLEDGE MOBILIZATION AND/OR KNOWLEDGE TRANSFER

Research Centres and Institutes promote community engagement, knowledge mobilization, knowledge transfer and/or knowledge translation.

4.1 Summarize the major knowledge mobilization activities that took place in the last fiscal year; indicate the potential end-users targeted by these activities (*free-form ½ to ¾ page approx.*)

4.2 Indicate the information regarding the Centre/Institute’s key activities over the last fiscal year.

Knowledge mobilisation activities organized by the Centre/Institute or by a researcher-member on behalf of the Centre/Institute <i>NOTE: please only provide information relevant to your centre/institute.</i>	Number of activities	Number of participants
Scientific conferences and seminars		
Scientific workshops and webinars		
Public conferences and seminars		
Public workshops and webinars		
Policy briefs, etc.		
Media interviews and op-eds		
Op-eds and media articles		N/A
Social media (Twitter, LinkedIn, YouTube etc.) blogs, podcasts.		N/A
Others:		

Research Centres and Institutes - 2021/22 Annual Progress Report

5. TRAINING AND/OR MENTORING OF STUDENTS

Research Centres and Institutes provide quality environments for research training and offer experiences that extend beyond the formal requirements for undergraduate or graduate degrees.

5.1 Describe how the Centre/Institute engaged students in its activities, during the last fiscal year (free-form ½ to ¾ page approx.)

5.2 In the table below, please indicate the information regarding your Centre/Institute's key activities during the last fiscal year.

Training and mentoring activities organized by the Centre/Institute	Number of activities	Number of students
Support to course development		
Summer schools		
Training sessions for facility/lab equipment		
Professional development workshops		
Internships, Summer students, COOP places		
Opportunities to work as RAs, administrative support, etc. for the Centre/Institute		
Others:		

6. RESEARCH FUNDING

Research Centres/Institutes play an important role in securing external research funding from various sources

6.1 Describe the types of external funding - cash or in-kind - that your centre/institute received during the last fiscal year, including financial support for specific activities: grant or contract for a major research project, sponsorship for a conference or other activities funded by one of the Tri-Council programs, or by any other public or private organization (free-form ½ to ¾ page approx.)

7. CHALLENGES AND SUGGESTIONS (OPTIONAL)

7.1 In this last section, please describe any challenges that the Centre/Institute encountered in the last fiscal year or suggest how the University of Ottawa (OVPRI, faculties) could improve its support to the research centres and institutes (free format.)

THANK YOU!
